### **Mayor's Message:**

Council has been busy over the last several months to make the Resort Municipality the best municipality possible. The 2019-20 budgets have been completed for the Resort Municipality with no tax increase to ratepayers for both the Municipality and the Cavendish Sewer Utility.

I am proud to report that the Heritage Park Project on Route 13 is progressing well and is on track to be completed for the park portion of the project within the next few weeks with the final delivery of the L.M. Montgomery statue in late August for final completion and an official opening. More details to follow, as well as an invitation to all property owners for the official opening ceremony.

A lot of new development continues in the municipality this year. The municipality continues to have new growth in both new business and newcomers to the area. The Council is pleased to see this valued growth. As part of this growth the Council pursues ways to look at new infrastructure for the community and funding has been applied for to deal with pump work as well as trails and a small sewer expansion.

The municipality has put out RFP's for Engineering Services, a Strategic Plan Review, Rehabilitation of the Heritage Park, Design of a Statue for L.M. Montgomery, L.M. Montgomery Statue, L.M. Montgomery COI (Communities of Interest) Project Management and L.M. Montgomery Literary Tour Development.

The Council and I are looking forward to a great summer and one of the highlights is our Multi-Cultural Community Heritage Day on June 29, 2019. We look forward to seeing you there.

On behalf of the Council, we would like to wish all existing and new property owners, residents and business owners a safe, busy and enjoyable summer in the municipality.

The Council would like to wish Laurie Burdett and David Gauthier from the Anne Shirley Motel and Cottages, Chris Opydo of White Sands Cottages and Campground Resort, John and Jean Brewer of Anne's Windy Poplars, Barbara Witte and Wolfgang Seidler of Beach and Breeze Cottages best of luck as they have sold their business to move on to other projects.

The Council would also like to welcome the new owners to the community for the following businesses: Gavin Ren – Anne Shirley Motel and Cottages, Kimberley Yu of White Sands Cottages and Campground Resort; Nathan and Sarah Cutler of Anne's Windy Poplars; Allan Zhang to Beach and Breeze Cottages; Alex MacLean of East Coast Lifestyle; Seaside Café – Proudly Serving Starbucks, Islander Life Apparel Company; McGregor and Currie Jewelry; and Candace Grenier - Pure Anada.

### **Parks Canada Updates:**

**Parks Canada Updates for the Cavendish Resort Municipality Newsletter – June 2019**

### **Prince Edward Island National Park 2019**

Parks Canada on Prince Edward Island is looking forward to an exciting and fun-filled season in 2019. PEI National Park gates will be staffed for the season from June 12<sup>th</sup> to September 3<sup>rd</sup>.

### **PEI National Park entrance permit has a new look this year.**

In 2019, Parks Canada is introducing a new look for the PEI National Park seasonal permits. We will continue to use a hangtag, which will now include space to print two license plate numbers on the front. The plate number on the permit must match the plate number on the vehicle in order to be compliant

Parks Canada entrance permits are non-transferable, meaning they are intended to be used by the permit holder (signatory) and family only. Parks Canada is enforcing all regulations relating to entrance permits at PEI National Park and at Green Gables Heritage Place, including the statement on the rear of the permits which reads: *Pass is non-refundable and is void if resold or transferred.* This direction aligns with all other national parks and historic sites administered by Parks Canada across the country.

Parks Canada has invited accommodation providers to continue to make Parks Canada entrance permits available to their guests. A third-party sales agreement is in place with Maritime Fun Group and will enable operators to sell vouchers to their guests upon check-in.

These vouchers will be redeemed when the guest first visits PEI National Park or Green Gables Heritage Place.

To place an order, call Jessica at Maritime Fun Group at 902-963-3939 ext 258, Monday to Friday, 9am to 5pm.

### **Surf Guard service and Surf Condition Reporting**

Cavendish Main Beach will be supervised from June 29<sup>th</sup> to September 3<sup>rd</sup>, 10 AM to 6 PM, while Cavendish Campground Beach will be supervised from June 30<sup>th</sup> to August 27<sup>th</sup> from 11 AM to 5 PM. See

<https://www.pc.gc.ca/en/pn-np/pe/pei-ipe/activ/natation-swim> for other surf guard services locations and times.

Parks Canada has decided to adopt the international flag system for surf conditions reporting with the province. Beginning this summer, surf conditions will be found on PEI Now using a map and pin system, which has also been used to update parking availability in PEI National Park since 2017: [www.pc.gc.ca/peinow](http://www.pc.gc.ca/peinow)

### **New Accessible Cavendish Dune Crossing**

Cavendish Beach will be even more accessible to all this summer, thanks to continued work on the new dune crossing structure. This fully accessible structure is expected to be complete by the end of June and will feature a gentle, graduated slope, mobility mats and beach wheelchairs.

## Ongoing Infrastructure Work

### Park Entrance Kiosks at Grahams Lane, Cavendish

Infrastructure work is underway at the Grahams Lane entrance to the Cavendish section of Prince Edward Island National Park. Construction will be finished by the end of the summer. There may be disruptions and delays to vehicle traffic during this construction. Visitors to PEI National Park are advised to exercise caution, respect all on-site signage and closures, and to follow instructions from on-site Parks Canada's staff or contractors

### Trail Way-Finding Signage

New trail signs are being installed on all trails in PEI National Park (excluding the Robinson Island Trail System). This work includes the installation of new trailhead and way finding signs, as well as distance markers, to help visitors navigate the trails.

### Rehabilitation of Homestead Trail and Haunted Wood Trail Work Staging Areas

The Homestead Trail in PEI National Park and the Haunted Wood Trail at Green Gables Heritage Place were both recently upgraded. While those improvements are complete, crews will be out until early June 2019 to rehabilitate the work staging areas for each project.

### A Few Reminders:

- Parks Canada would like to remind everyone that feeding foxes can be harmful for the foxes. Feeding foxes and other wildlife will cause them to become used to humans and rely solely on humans for food. They may also get too close to moving vehicles and be run over. By letting them search and hunt for their own food, and keeping a good distance away, you will be keeping them safe. If you see anyone feeding wildlife in the park, please contact Park Canada dispatch at 1-888-773-8888.
- To protect migrating shorebirds, including the Piping Plover, as well as ensure visitor safety, the Domestic Animal Regulations are now in effect until October 15<sup>th</sup>. Under this regulation, all domestic animals, including dogs, cats and horses are prohibited from the beaches in PEI National Park.

- Please help us to preserve the beautiful dunes of our PEI National Park beaches by staying off the dunes, and use the designated boardwalks.

## Protecting the Bank Swallows

The Bank Swallow is a small migratory bird that vacations in PEI every summer after spending the winter months down south. You can often see them digging their nest on the side of vertical cliffs or banks, such as the ones in PEI National Park. In the last 40 years, the Bank Swallow population in Canada has declined 98% due to a number of threats to their food supply and nesting habitat, including the erosion of Prince Edward Island's coastline. This has led to the Bank Swallow becoming a protected species under the *Species At Risk Act*.

In order for Parks Canada to protect the Bank Swallows, several waterfront campsites at Cavendish Campground have either been closed or reduced in size. To view the impacted campsites, visit [www.reservation.pc.gc.ca](http://www.reservation.pc.gc.ca) or call us at 1-877-RESERVE (1-877-737-3783).

## SEAL – Seawood Estates Association Ltd.:

Welcome back everyone! Based on the temperatures one wouldn't believe it is summer but the calendar says it is. There are several new homes being constructed, several properties have been purchased over the winter and I am told the new internet service has much to do with this new interest. We welcome all new residents to our area and urge them to become members of SEAL.

The Seawood Book Club 2019 is once again active. If interested in participating and have ideas about books you would like to include, contact Judy Rowell at [jsrowell@gmail.com](mailto:jsrowell@gmail.com).

The speed limit within Seawood is 25 km/ph and we ask that all residents and visitors adhere to this limit in order to provide a safe environment for our residents and children.

We are looking forward to a great summer season here in the Cavendish Municipality and wish all residents a healthy, restful and peaceful season.

## CENTRAL COASTAL TOURISM PARTNERSHIP:

The Central Coastal Tourism Partnership (CCTP) is a regional tourism association that provides a strong voice for its membership of tourism operators. The CCTP is a non-profit, membership-based association that collaborates with tourism operators and stakeholders located in both the Green Gables Shore, as well as the Red Sands Shore.

Enjoy unique chowders at participating restaurants. Details available at [www.IslandChowderTrail.com](http://www.IslandChowderTrail.com).

- **We will be working with 5 tourism operators this year for a business improvement program** (known as AMR) that offers individual tourism operators the ability to increase their standards of excellence, be more responsive to emerging tourism trends, and ultimately, increase revenues. During a project, the operator will meet with an independent qualified tourism consultant, who will identify key areas of focus for their business and provide suggested improvements. Area of Focus: Operators who specifically aim to expand their shoulder season offering and capacity.
- In partnership with Tourism PEI, **the CCTP maintains 10 scenic look-offs** throughout the region in Darnley; French River; the Swimming Rock in Stanley Bridge; North Rustico-Cavendish; Tracadie; Port-la-Joye / Fort Amherst; West River; Inman Park in Canoe Cove; North Carleton; Victoria by the Sea.

- **The CCTP maintains strong relationships with a variety of municipalities**, including Borden-Carleton, Cavendish, Kensington, North Rustico and Victoria by the Sea. The CCTP is available to assist with tourism development in their communities.
- Throughout the winter and spring, the CCTP delivered a number of sessions for its **Experience Specialist Program**. This training is ideal for tourism operators & their front-line staff, and we saw approximately 100 individuals become certified Experience Specialists, armed with information to help them deliver an excellent experience to visitors.
- This June, **the CCTP conducted a familiarization tour for tourism operators and ambassadors**. The tour took participants to venues located throughout the Central Coastal Region to celebrate the hidden gems

of our area. **The CCTP also assisted Tourism PEI with its tour**, showcasing the region to visitor information centre staff from across PEI.

- We have contracted an individual to assist the CCTP with **social media** this season, and she will be promoting and supporting our members through our Facebook, Twitter and Instagram channels.
